What makes it Sustainable:

Tape	GOTS certified organic cotton tape	The “ Global Organic Textile Standard ” provides that: <ul style="list-style-type: none"> • yarn contains at least 70% organic natural fibers; • no toxic substances and GMO are used; • supply chain is traceable • there is full compliance with social criteria.
Chain and Components	Recycled Brass	Riri is committed to buying brass with a <u>percentage of recycled material that is at least 80%</u> .
Surface treatments	PO Finishing: Reduced water & energy consumption	The PO Surface Finishing (PO stands for Polished) is manufactured <u>without any galvanic treatment</u> .
Certifications	Product certified	Oekotex Standard 100 – Product Class I is an international accreditation of a responsible chemical management . Cotton yarn is also GOTS (Global Organic Textile Standard) certified .

*top stops of this execution are made of brass – bottom stops are made of zamak
